DEPARTMENT OF BUSINESS AND MANAGEMENT

Mission: The Department of Business and Management is dedicated to equipping Business students to respond ethically, think critically, communicate effectively, and perform with excellence as Christians in a changing world.

The undergraduate Business and Management Program offers degrees in the following majors: Accounting, Business Administration, and Marketing. Coursework in all majors is viewed from a global perspective and includes the undergraduate Business and Management Core Requirements and additional units in the specific major as listed below. Students are responsible to meet prerequisite requirements of any course in which they enroll. Students must achieve a minimum grade of "C" in all business courses required for undergraduate Business, Accounting, and Marketing majors and Business minors in the Department of Business and Management.

Students may complete a second major in the Department of Business and Management and have the second major indicated on their transcript; however any courses taken to fulfill major requirements beyond the Business and Management Core may not be counted toward both majors.

Courses

Accounting

ACCT-225 Principles of Financial Accounting  4 Credits
This course develops students' understanding and application of financial accounting concepts, the accounting cycle processes and documents, and United States accounting and external financial reporting standards. The course emphasizes understanding the financial statements: balance sheet, income statement, statement of retained earnings, and statement of cash flows. The course prepares students for financial analysis; ethical decision making, understanding fraud in the workplace and internal control.
Prerequisite: MATH116 or MATH170

ACCT-321 Accounting and Finance for Decision Making  4 Credits
This course examines managerial decision-making based on common accounting and financial models and analysis. The course topics include management's responsibility to stakeholders, how costs behave, cost-volume-profit analysis, activity based costing, budgeting, standard costing, performance measurements, and financial analysis. The course continues to develop students' understanding of annual reports and financial statement analysis within the entity's industry.
Prerequisite: ACCT-225

ACCT-324 Intermediate Accounting I  3 Credits
Studies accounting and reporting of complex business operating activities and financing activities according to generally accepted accounting principles in the United States. Compares United States accounting standards to international accounting standards. Topics include revenue recognition, inventory valuation, and debt and equity financing.
Prerequisite: ACCT-325; Minimum grade of 'C' or better.

ACCT-325 Intermediate Accounting II  3 Credits
Continues to study accounting and reporting of complex business activities and transactions. The focus is on the investing activities of business and financial reporting. Topics include investments, leases, earnings per share, and analysis of financial statements. The content includes the study of accounting and reporting standards in the United States with comparisons to international accounting standards.

ACCT-332 Cost Accounting  3 Credits

ACCT-333 Cost Accounting II  3 Credits

ACCT-427 Auditing  3 Credits
Studies how to conduct external audits or become internal financial managers of organizations that are audited. United States auditing standards are studied and compared to international standards. Course topics include generally accepted auditing standards, fraudulent financial reporting and audit failure, effective internal control procedures, and the influence of the Securities and Exchange Commission on oversight of the accounting profession.
Prerequisite: ACCT-325 with a 'C' or better.

ACCT-428 Advanced Accounting  3 Credits
The course covers complex accounting and reporting for corporate and non-corporate entities, for profit and not-for-profit entities. It compares and contrasts accounting and financial reporting for partnerships, for-profit complex corporate entities, state and local governments, health and welfare organizations, and government and non-government universities.

ACCT-440 Federal Taxation-Individual  3 Credits
The course covers federal income taxation as it applies to individuals. This is an introduction to the federal tax model and how to apply it to the components of taxable income, tax credits, and types of taxes.
Prerequisite: ACCT-325 with a 'C' or better.

ACCT-442 Federal Taxation-Corporate  3 Credits
The subject matter of this course is federal income taxation as it applies to partnerships, fiduciaries and corporations. It builds on the federal tax model presented in ACCT 440, emphasizing concepts about issues specific to corporations.
