

ACADEMIC RESOURCE CENTER

ACADEMIC RESOURCE CENTER

Amy Wilms, MEd, Director

Mission: The Academic Resource Center (ARC) recognizes the unique characteristics of each student and seeks to provide an atmosphere of inclusion and understanding that support your academic growth and personal development. We help empower students to meet three goals: remain enrolled and progress in a program of study, flourish academically, and persist to graduation. We do this by collaborating with and supporting academic departments and university offices to provide programs that fulfill our university commitment to student success and retention.

The Academic Resource Center houses the following departments/programs aimed at increasing student success and retention at Vanguard University.

ACADEMIC SUCCESS COACHING

The Academic Success Coaching program (<https://www.vanguard.edu/resources/academic-resource-center/#fs-panel-31182>) offers a holistic view of student success and academic intervention. The Academic Success Coach is a model for effective organization, time-management, study skills, and executive functioning. ASC's are also responsible for imparting a feeling of ownership and a sense of agency over one's academic journey, so that the client is better equipped to navigate their university experience. The Academic Success Coaching program is positioned in a way that can bring all of the components of the Academic Resource Center together in a comprehensive way.

DISABILITY SERVICES

The Office of Disability Services (<https://www.vanguard.edu/resources/disabilityservices/>) seeks to cultivate an inclusive and accessible university campus by removing environmental barriers. Our office exists to provide representation, access, service, reasonable accommodations, and community support to students with learning, physical, medical, and psychological disabilities through communication, advocacy, and collaborative services. Students with a temporary or permanent disability (including but not limited to attention-related, learning, mental health, vision, hearing, physical, or other health impairments) who need accommodations are encouraged to contact the Office of Disability Services.

TUTORIAL CENTER

Tutorial Center (<https://www.vanguard.edu/resources/academic-resource-center/#fs-panel-2926>) services are provided by Vanguard students who have mastered their material and have shown exemplary ability to facilitate learning for their peers. Center operation embraces the positive aspects of tutorial assistance. Rather than students feeling the stigma of needing academic assistance, they are encouraged to use the tutorial services in order

to foster success in a class from the onset. Two hours of tutoring per week is provided at no cost to the student.

WRITING CENTER

The Vanguard Writing Center (<https://www.vanguard.edu/resources/academic-resource-center/#fs-panel-2928>) is committed to helping undergraduate and graduate student writers across the curriculum. Students from any major may bring writing projects (from shorter expository essays to longer research papers) to a Writing Center appointment and receive informed, thorough feedback from a peer consultant, with special attention given to the author's concerns and the parameters of the specific assignment. The Writing Center is committed to assisting students from all disciplines in a collaborative, Christ-centered environment, and we value students' learning differences and diverse voices. We can help students at any stage of the writing process, including: organizing notes, developing outlines, revising thesis statements, improving organization, or assisting with final editing.
