INFORMATION TECHNOLOGY

Department Website: <http://www.vanguard.edu/it/>

The IT Department maintains a sophisticated campus network infrastructure with a gigabit fiber optic backbone and wireless capability throughout the resident and non-resident areas of the campus. All dorm rooms are equipped with one data port (additional ethernet switch for additional ports are available for check out in the IT department — **personal switches and wireless routers are not permitted**). In order for students to access the VU network from their dorm room, they must provide their own personal computer and log in with their vanguard credentials. VUWIFI, `firstname.lastname, password`.

Every student will receive a login to the campus network. A Vanguard University e-mail address will also be issued to each student. By enrolling at Vanguard, students agree to be bound by the IT "Acceptable Use Of Technology Policy" as outlined in the Student Handbook. Failure to comply with these standards may result in the loss of campus network computing privileges. Serious cases of misuse will be investigated by the IT Department and reported to the Vice President for Student Development for further action.

VANGUARD UNIVERSITY STUDENT ID CARD

A Vanguard University Student ID Card is required for use of university services such as the Waugh Student Center, Library, residential housing, and computer labs. ID cards are provided to the student at their New Student Orientation event for fall semesters or following their Academic Registration events for spring and summer semesters. They are to be used for the entire duration of attending the university and should be kept in a safe, easily accessible place such as a wallet or lanyard. If an ID card is lost, a new card may be purchased for \$25. The charge can be reconciled with the Accounting Office on the student's MyBill account, which takes approximately 2-4 weeks. If a card is excessively used

throughout your time at Vanguard and becomes worn, a student may trade in their old card in addition to a \$10.00 fee for a replacement card. ID cards may not be hole punched or altered in any way. Please see the Information Technology Department building 14 for any questions and for distribution of all ID cards.

The NP in the student Health Center can provide prescriptions for patients as clinically appropriate. Additionally, the Health Center stocks some prescriptions medications for students to purchase if prescribed as well as a variety of over-the-counter medications and products for students to access for free when on campus.
